

BEST THING EVER

I never imagined I would be here
I couldn't have planned it, couldn't have worked it out
I didn't believe it when I said it
Everything's about to change

And now I'm facing all of my fears
And there ain't nothing gonna keep me down
A little love is all I needed
Never gonna be the same
Right, right, right where I wanna be
I, I, I would never wanna leave, yeah

There's nothing better we're feeling alright
Dancing to the beat of the time of our lives
Together (hey)
This is the best thing ever

There's nothing better we're out in the light
Moving to the rhythm of the time of our lives
Woah, woah, oh-oh-oh
This is the best thing ever
Woah, oh-oh
Woah, oh-oh-oh
Woah, oh-oh

Under these stars our love shines bright
No skies have ever been so clear
This is what life is all about
I found myself right here

There's nothing better we're feeling alright
Dancing to the beat of the time of our lives
Together (hey)
This is the best thing ever

There's nothing better we're out in the light
Moving to the rhythm of the time of our lives
Woah, woah, oh-oh-oh-oh
This is the best thing ever
Woah, oh-oh
Woah, oh-oh-oh
Woah, oh-oh
The best thing ever
