

Nothing But Love Lyrics

Oh, whoa-oh-oh, yeah

They used to tell us, "Don't be different"
"Don't you dare be strange"

But if you want a chance to change the
world

You gotta dare to be the change
Now we're a mess of contradictions
Just starting to make sense
And the feeling talking over is so intense

Oh, everyone belongs here
We're glad to see your face
Home is what we got, yeah
It's the people, not the place
So come and be yourself
You're the only one who can
We're better for it, give us more
It's how this all began, yeah

Now we got nothing but love for you
And everything you do
Nothing but love for you
And anybody coming through
Nothing but love for you
We know you got it for us too
Nothing but love for you
Love for you

Nothing but love
Nothing but love (oh-oh)
Nothing but love

We still own the night
And sharing it, that's new
But the stars shine so much brighter
Now I'm sharing them with you
I can just be me
And you can be you too
And if we ever disagree
We'll just do like zombies do (whoa!)

Now we got nothing but love for you
And everything you do

Nothing but love for you
And your different point of view
Nothing but love for you
We know you got it for us too
Nothing but love for you
Love for you

Nothing but love
Nothing but love
Here we go

We been in it, we been through it
Got more work, not scared to do it
Sparks gonna fly when we take a hand
Not scared of what we don't understand
Here you're in demand, we're your biggest
fans
Yo, anytime you play, yeah, we're in the
stands
Come on down, bring it in for a hug
Yeah, we still got nothing but love

Now we got nothing but love for you
And everything you do
Nothing but love for you
And anybody coming through
Nothing but love for you
We know you got it for us too
Nothing but love for you
Love for you

Nothing but love
Nothing but love

We got nothing but love for you
And everything you do
Nothing but love for you
And anybody coming through
Nothing but love for you
We know you got it for us too
Nothing but love for you
Love for you
Nothing but love (nothing but love)
Nothing but love
