

# HAIR

Two french braids with a middle part into a bun on the crown of the head.

Step 1: Part hair cleanly down the middle.

Step 2: French braid both sides and stop adding hair at the crown of the head. For convenience, finish the braid out

Step 3: Pull all of the hair, including the two braids into a ponytail at the crown of the head. Use gel to brush up the under side of the ponytail.

Step 4: Use a donut bun/bun maker, hair net, bobby pins and hair ties to create a clean bun.

Step 5: Hairspray everything!

\*Be sure the braids are tight and the bottom under the pony tail is smooth and slick!
